

Serial No. 09/611,955
Art Unit: 2811

IN THE TITLE

Please cancel the old Title and substitute - - SEMICONDUCTOR STRUCTURE
HAVING RECESS WITH CONDUCTIVE METAL- -.

IN THE DRAWINGS

Kindly amend the drawing Figures 1-7 to appear as shown in the attachment to the
Letter to Official Draftsman.

IN THE ABSTRACT

Kindly cancel the old Abstract and substitute:

DI
- A semiconductor structure includes a semiconductor substrate, a recess located in
at least one major surface of the substrate, an electrical insulating layer located over the at
least one major surface and in the recess, a conductive barrier located over the insulating
layer and in the recess and over the at least one major surface, a plating seed layer located
over the conductive barrier within the recess only, and a conductive metal in the recess
only. -
